Sharon,

Thanks for taking the time to read about the PFAS and fire retardant issue.

Region 3 has lots of PFAS issues – WV and now Buck's County in PA.

Please let us know if we can help in any way

Thank you,

Andy

Mark and Andrew, hello!

My husband just showed me the article on [The Intercept](#) website, which highlights your work on finding the presence of the new PFCs in the Cape Fear River.

Well done!

Sincerely,  
Sharon
